

DEENESH A.

Cybersecurity & Networking Enthusiast | Computer Science & Engineering Student

Email: deenesh296@gmail.com | LinkedIn: [linkedin.com/in/deenesha4n6](https://www.linkedin.com/in/deenesha4n6)

GitHub: github.com/Deenesh4n6

PROFILE

Motivated and curious technology student focused on cybersecurity, networking, ethical hacking, secure system design, and emerging digital solutions. Interested in building resilient systems and solving real-world technology and security challenges through practical projects and continuous learning.

EDUCATION

B.E. Computer Science & Engineering Current / Ongoing

Interested in cybersecurity, networking, and secure application development.

SKILLS

Cybersecurity fundamentals, networking, ethical hacking, system security, incident awareness, network design, troubleshooting, Python, JavaScript, HTML, CSS, React, problem solving, team collaboration, documentation, and project-based learning.

PROJECTS

Secure networking and cybersecurity projects

Developed technical projects exploring network design, security workflows, and practical technology solutions.

Focused on building creative, secure, and user-centered technology experiences.
